

To Whom it may concern,

I understand that you are considering a new radio band for which to send broadcasting, But before you do I hope to impress upon you the importance of K-Love and the positive spiritual effect that it is having to me and others around the nation and the world through the radio and the internet.

I know of no other radio station like it. It is positive to listen to, and what I mean by that is the music is uplifting and honest. The station is more than just something to be heard, but is a place for people to call and get prayer and help in times of need. The station has pastors there to help anyone in need, from being homeless, to hopeless and anything in between. Or if you need some answers to life's hardest questions. I say all this to say you will be throwing a lot away by changing your system. The decision is yours. I just pray that you make the right one.

Sincerely,  
Chris
